

Global Fibrosis Foundation

Membership Application Form

Thank you for your interest in the Global Fibrosis Foundation. Your membership in this organization supports our ongoing goals to understand, prevent, and treat Nephrogenic Systemic Fibrosis and similar fibrosing conditions. The following core elements form our overall mission:

1. Educate medical doctors through printed materials, on-line resources, sponsorship of symposia and conferences, and presentations at symposia and conferences
2. Help develop diagnostic and treatment standards, and support the development of a diagnostic code for NSF
3. Assist with the dissemination of treatment standards
4. Support relevant research through grants
5. Connect NSF patients with medical doctors who are familiar with NSF and other organ-specific fibrosing processes
6. Support clinical trials of unapproved agents; support multicenter trials of therapies; and disseminate information about trials to patients
7. Advocate on behalf of patients, doctors and researchers as needed with state, federal and international agencies

Annual Membership

Annual membership constitutes a non-voting role in the Foundation. Annual membership dues are tax deductible under the rules of a 501c3 not for profit organization. Members will receive a quarterly newsletter by US Mail or email, as well as a receipt for their donation.

Individual Membership	\$25
Family Membership	\$50
